

Adams AD11-2

Protecting frontline security personnel...

Metal Detection Solutions

Suitable for similar applications as model AD10-2, with increased sensitivity to better than 0.1 grams detection mass. Model AD11-2 also has simultaneous audio/visual alarm facility, with the added ability, via a two-position rocker switch, to turn off the audio sounder, giving the operator a "visual only" alarm indication, for more discrete user-operation. This model has proven to be very successful for a wide range of applications including VIP searches, warehouse loss prevention security, nightclubs, courtrooms, police force applications and many more.

Main features

- Small and lightweight
- Sensitivity to 0.1 grams detection mass
- Simultaneous high intensity L.E.D. and piezo sounder for alarm indication
- Option of visual only alarm indication
